

# Open

## Ostinato Based Composition

*Open* was composed for the 2021 ACG National Teachers Summit and was rehearsed/debuted during the training by a live ensemble with remote participants following along over a zoom session. The flexibility of the arrangement allowed all participants regardless of their experience on the guitar to fully participate in beautiful music making.

The 1<sup>st</sup> movement is scored with detailed dynamic phrasing and arranged entrances for each part. The 2<sup>nd</sup> movement provides a framework of short ostinato patterns that can be arranged and detailed by an ensemble or conductor during a rehearsal session. During the 2021 Summit, participants made decisions on articulation, dynamics, and the entrances/layering of the parts. The end product was a collaboration from all musicians involved, allowing the voices and the creativity of the ensemble to inform the final artistic product.
